EXPERIENCE

Web Developer @ RIT College Activities Board

August 2017 - Present

Develops websites for RIT's College Activities Board's main events on campus, maintaining and updating of pre-existing event websites, databases, and technologies, using HTML, CSS, JavaScript, and PHP. Works directly with event coordinators, designers, staff, and students.

UI Design Intern @ Kyo Logic

May 2018 - August 2018

Worked with a team of developers to update existing interfaces and design new interfaces for various customer softwares compliant to client needs and user experience principals. Re-designed and updated company website. Assisted in streamlining company work flow management system.

Web Designer @ RIT Student IT Office (SITO)

January 2017 - May 2017

Cooperative Education in design and development of Tiger Center, RIT's student portal and alternate interface for student enrollment. Performed user testing, created wireframes, wrote HTML/CSS, and designed marketing and advertising materials for SITO and Tiger Center
